

# TABLE OF CONTENTS

**Introduction. Find Out!**.....9

## **PART I. Knowledge Production in the Social Sciences**

### **CHAPTER 1.**

#### **The Frame of Reference for Scientific Work..... 19**

- 1. Karl Popper and critical rationalism .....20
- 2. Conceptualizing: Concepts and theories (World 3) .....24
- 3. Observing and measuring: The field (World 1).....26
- 4. Linking theory and fieldwork (World 2).....30

### **CHAPTER 2.**

#### **The Conceptual Framework: Choosing or Building a Theory .....35**

- 1. Defining concepts.....35
- 2. Conceiving of relations .....38
- 3. Formulating theories.....44
- 4. Grand theories and reference models.....47
- 5. What is a good theory? .....52

### **CHAPTER 3.**

#### **Protocols for Gathering Information and Editing Data ...57**

- 1. Field, information and populations .....57
- 2. Sources .....59
- 3. Data collection and editing protocols .....62
- 4. Examples .....78

**Summary of Part I** .....85

**PART II. Measuring and Analyzing: Quantitative Methods**

**CHAPTER 4.**

**Data..... 91**

- 1. Data tables ..... 91
- 2. Variables..... 91
- 3. Observations ..... 95
- 4. From data to knowledge..... 97

**CHAPTER 5.**

**Describing and Interpreting ..... 103**

- 1. Univariate analyses ..... 103
- 2. Bivariate analyses ..... 110
- 3. Multivariate analyses ..... 116

**CHAPTER 6.**

**Explaining and Modeling ..... 129**

- 1. Statistical estimation and sample survey theory..... 129
- 2. Confidence intervals ..... 132
- 3. Statistical tests..... 135
- 4. Multivariate modeling ..... 144
- 5. The uses of statistics and models ..... 150

Summary of Part II ..... 153

**PART III. Observing and Interpreting: Qualitative Methods**

**CHAPTER 7.**

**The Challenges of Qualitative Data Analysis ..... 159**

- 1. Corpora..... 160
- 2. The language system..... 162
- 3. Sensemaking..... 169

**CHAPTER 8.**

**The Classic Qualitative Approaches..... 173**

- 1. The tradition of the humanities..... 173
- 2. Pure qualitative research ..... 175
- 3. Content analysis..... 182

**CHAPTER 9.**  
**Textual, Lexical and Semantic Data Analysis..... 197**  
    1. History of methods and key steps..... 197  
    2. From corpora to textual data.....206  
    3. Methods and their contributions .....208  
    4. Textual data analysis and qualitative research ..... 213

Summary of Part III .....223

**PART IV. Communicating ..... 227**

**Conclusion. Choose!.....233**

**Appendix. What Sphinx Software Can Do for a DBA  
Researcher ..... 237**  
    Abstract ..... 237  
    1. Introduction .....237  
    2. The software resources offered by Sphinx .....238  
    3. Research situations .....246  
    4. Communication, sharing ..... 249  
    5. How to make the best use of Sphinx ..... 249  
    6. Supplementary material: Glossaries ..... 251

**References ..... 257**
